Additional parishes eligible for disaster unemployment assistance

BATON ROUGE – President Barack Obama has authorized individual assistance for the parishes of Avoyelles, Evangeline, Iberville, Jefferson Davis, St. Martin, St. Tammany, Washington and West Feliciana, making disaster unemployment assistance (DUA) available to workers and self-employed individuals who lost work or earnings as a result of flooding that began August 11, 2016 and continues.

The Louisiana Workforce Commission (LWC) is accepting applications for DUA from workers and self-employed individuals in these parishes until the deadline of September 21, 2016.

The LWC is also accepting applications for DUA from workers and self-employed individuals who lost work or earnings as a result of flooding in the following parishes until the deadline of September 15, 2016: East Baton Rouge, Livingston, St. Helena, Tangipahoa, Acadia, Ascension, East Feliciana, Iberia, Lafayette, Pointe Coupee, St. Landry and Vermilion.

Individuals affected in these designated-disaster areas must file DUA applications by established deadlines. DUA is available to those who:

- Worked or were self-employed or were scheduled to begin work or self-employment;
- Can no longer work or perform services because of physical damage or destruction to the place of employment as a direct result of the disaster;
- Can establish that the work or self-employment they can no longer perform was their principal source of income;
- Do not qualify for regular unemployment benefits from any state;
- Cannot perform work or self-employment because of an injury as a direct result of the disaster or
- Became the breadwinner or major support of a household because of the death of the head of household.

Applications filed after the deadline will be considered untimely and DUA benefits may be denied unless the individual provides good cause. Applicants must submit their Social Security number, check stubs and documentation to support the claim that they were working or self-employed when the disaster occurred. In some cases, additional documentation may be required. To receive DUA benefits, all required documentation must be submitted within 21 days from the date the DUA application is filed.

DUA is available from weeks of unemployment beginning August 14, 2016 and up to February 18, 2017, as long as the individual's unemployment continues to be a result of the disaster.

Due to high call volume at this time, applicants are encouraged to file their DUA applications online by visiting www.laworks.net through the LWC's HiRE (Helping Individuals Reach Employment) portal.

Applicants may also file by telephone by calling the Benefits Analysis Team at 1-866-783-5567 from Monday through Friday, 8:00 a.m. – 5:00 p.m. CDT. However, due to the high call volume anticipated, delays are expected when filing over the phone.

About the Louisiana Workforce Commission

The Louisiana Workforce Commission is an agency of state government that administers programs designed to enhance workforce growth and provide family-sustaining jobs for Louisiana residents. The commission monitors employment, administers unemployment compensation and tax funds, provides training resources for employers and employees and oversees worker compensation benefits. The agency also gathers and supplies information on the labor market and occupational sectors in Louisiana.
